Heyco Products has the solution to your design challenges!

How to Choose a Strain Relief:

To pick a strain relief and get the best fit, ask yourself 4 questions:

1. What is my wire diameter or dimensions?
2. What is my panel thickness?
3. Do I already have a mounting hole and what are the dimensions?
4. Do I need a straight fitting, flex protection, a 90° bend or international approval?

And don't forget!

Heyco's Customer Service Representatives have undergone extensive product training. They can help you pick just the right Heyco solution. Call us at 1-800-526-4182.
