

RECOMMENDED FOR THE INSTALLATION AND REMOVAL OF GENUINE OETIKER EAR CLAMPS

# Ergonomic Hand Installation Pincer Tools

### New and Improved:

- 50% wider jaws on standard jaw pincer tools for easier positioning on Oetiker Ear Clamps
- More robust jaw pivots for increased durability
- Lighter jaw head on pincer tools for better tool balance
- Redesigned handles to reduce hand span in open position
- Soft grips for better hand comfort and power when closing
- Ergonomic grips for better hand positioning across full closing range

**Hand Installation Pincer,  
Straight Handles,  
Standard Jaws**
